GitHub: <https://github.com/amaansuheab>

Education

Schooling	Dilsukhnagar Public School
College	Methodist College of Engineering

Technical Skills

Proficient in Python, C, C++, Java. Strong knowledge of Data Structures and Algorithms (DSA). Experience with Machine Learning and AI, Python ML libraries (NumPy, Pandas, Scikit-learn, TensorFlow, etc.). Good understanding of GitHub collaboration and project deployment.

Experience

Intern - AI/ML, InternPe (7th July - 3rd Aug)

Worked on AI/ML projects with focus on building and deploying ML models. Gained practical exposure to Python ML libraries and model optimization.

Projects

- Developed multiple Machine Learning projects available on GitHub.
- Projects include supervised and unsupervised ML models, predictive analytics, and AI applications.

Extracurricular Activities

- Active member of GDSC (Google Developer Student Clubs).
- Collaborated on team projects and coding events.
